

ContecDG[®] Dispersing Granule Technology 31-0-10

FEATURES & USE TIPS:

- Patented dispersing granule formula
- Greatly reduces fertilizer loss due to ball, shoe & mower pickup.
- SGN 150 - ideal for fairways use.
- 45% of the nitrogen is from MUtech™ controlled release N

PRODUCT SPECIFICATIONS:

N - (31%):	19.15% urea nitrogen 6.97% other water soluble nitrogen* 4.88% water insoluble nitrogen *6.97% slowly available nitrogen from methylene ureas
K - as K₂O - (10%):	Potassium sulfate
S - (3.40%):	Combined Sulfur

PRODUCT CODE:

AGC314WDG5

Date: 071409
Supersedes: 091508
Label: G9

PRODUCT CHARACTERISTICS:

Product Type:

Dispersible granular nutrient

Nitrogen Type:

MUtech™ methylene urea

Particle Size:

SGN: 150

Net Weight:

50 lbs.

Coverage:

15,500 sq. ft.
@ Medium Rate

To order, contact your local Andersons Golf Products distributor.

For more information, contact Andersons at our website: www.andersonsgolfproducts.com or www.contecdg.com or call 1-800-225-2639.

Following is a specimen label that may at some point be revised or otherwise become out of date. It is intended as a guide in providing general information regarding the use of this product. Always read and follow the label on the product container.

PRODUCT SHEET

31-0-10

- Patented dispersing granules that greatly reduce mower pickup
- Slow release nitrogen from MUtech™
- Specially designed for use on fairways & other turf areas

GUARANTEED ANALYSIS

Total Nitrogen (N).....	31.00%
19.15% Urea Nitrogen	
4.88% Water Insoluble Nitrogen	
6.97% Other Water Soluble Nitrogen*	10.00%
Soluble Potash (K ₂ O).....	3.40%
Sulfur (S)	
3.40% Combined Sulfur (S)	

Plant nutrients derived from methylene ureas, urea and potassium sulfate.

*6.97% Slowly available nitrogen from methylene ureas.

U.S. Patent #6,884,756

DIRECTIONS FOR USE

Apply only as directed during the growing season.

Use Andersons Golf Products ContecDG® Dispersing Granule Technology 31-0-10 for fairways and other turf areas where a high nitrogen and potassium fertilization is desired.

Watering in this product will disperse each granule into thousands of particles. This will facilitate the movement of the nutrients into the soil. This particle dispersion will also eliminate ball, shoe and mower pickup - minimizing nutrient loss.

Application Rates:

LOW:	1.61 lbs/1,000 sq. ft.
MEDIUM:	3.22 lbs/1,000 sq. ft.
HIGH:	4.85 lbs/1,000 sq. ft.

FLORIDA APPLICATIONS: We recommend that you follow the Florida Green Industries BMP's at http://www.ftaes.org/pdf/BMP_Book_final.pdf

FLORIDA APPLICATIONS: We recommend that you follow the Florida Golf Course BMP's at <http://www.ftaes.org/pdf/gfcbmp07.pdf>

For all applications: Immediately after application, for optimum results, apply a minimum of 0.2 inches of water to disperse the granules.

Recent research has shown that well-maintained turf is an effective environmental buffer that prevents pollutants from entering our natural water bodies. To help protect these natural resources, avoid applying product to sidewalks, driveways, roadways, and other impervious surfaces. Sweep any misplaced granules back onto the area you are treating immediately after application, since storm drains often empty directly to nearby waterways.

Spreading with PTO driven spreaders:

Excessive agitation of Contec DG can result in damage to the Contec DG particles. Keep the PTO operating at 540 rpm or less. DO NOT use agitation bars or stir bars, as this can result in the premature breakdown of Contec DG granules.

Spreader Settings:

Spreader settings are recommendations only and should be considered as a beginning point for user calibration. Results obtained by an applicator in the field may be different due to spreader production variations, spreader calibration differences, operating variables, and environmental factors (temperature, humidity, etc.). It is recommended that applicators check the pattern and delivery rate for their particular spreader periodically under their operating conditions using the actual product to be applied.

Storage and Use:

Store in a clean, dry place.
Reseal opened bag by folding top down and securing.
Use only clean, dry spreaders.
Do not leave unused product in spreaders.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions.
